INTRO      Voices inside my head      } X4  
              Echoes of things that you said

VERSE 1      Turn on my V.C.R., same one I've had for years  
                  James Brown on the T.A.M.I. show, same tape I've had for  
                  years  
                  I sit in my old car, same one I've had for years  
                  Old battery's running down, it ran for years and years oh  
                  Turn on the radio, the static hurts my ears  
                  Tell me where would I go, I ain't been out in years  
                  Turn on the stereo, it's played for years and years  
                  An Otis Redding song, it's all I own

CHORUS      When the world is running down      } X4  
                  You make the best of what's still around

VERSE 2      When I feel lonely here, don't waste my time with tears  
                  I run 'Deep Throat' again, it ran for years and years  
                  Don't like the food I eat, the cans are running out  
                  Same food for years and years, I hate the food I eat

CHORUS      When the world is running down      } X4  
                  You make the best of what's still around
