

MOVING ON UP

INTRO (PIANO 8 BARS, HORNS 8 BARS, BAND 8 BARS)

VERSE 1 You've done me wrong, your time is up
You took a sip (just a sip) from the devils cup.
You broke my heart, there's no way back.
Move right outta here baby. Go and pack your bags

BRIDGE 1 Just who do you think you are?
Stop acting like some kind of star.
Just who do you think you are?
Take it like a man baby if that's what you are.

CHORUS 1 'Cos I'm moving on up. You're moving on out.
Movin' on up. Nothing can stop me.
Moving on up. You're moving on out.
Time to break free. Nothing can stop me,
Yeah.

VERSE 2 They brag a man has walked in space,
but you can't even find my place.
Mmm there ain't nothing (not a thing) you can do
'cos I've had enough of me baby being part of you.
