I bet you're wondering what this song will say
Cause it's all about our own El Ray
You are the best dad that's in the world today
I love my family we are all ok
I've got a brother he's kind of sweet
I've got a sister and we're complete
When were together fun's all around
Cause I've got a mother who rocks the house

You took me places you told me of
To all the corners of this whole world
And coming home with friends to play
I'm in the back seat of a Mercedes Benz
You hit your forties and started a band
You tour the world by air and land
Now in your fifties what will you do
I'll bet your panning the first gig on the moon

You're the master at being cool
Just as long as the eskys full
Singing the jams till you go mute
No one looks better in a gold lame suit
So many friends to share the love
Yet you deliver beyond and above
The kindest man the world has seen
You earn your karma by living the dream
