## **Verse 1**

Clever girl  
Think you are but you  
think too much  
Shut down turn around  
Don't look that way any more

Clever girl  
Think you know but you don't  
know much  
Try to make a move  
Go to a different door

You know it's all in your head  
You better put that  
business to bed  
By your fair hands of  
design you met with  
The monster in your mind

## **[Chorus]**

You did it again  
You did it again  
Won't you listen to me when  
I'm telling you it's no  
good for you

## **Verse 2**

Clever girl  
Think you're right  
but what's right  
from wrong?  
Little Miss Genius  
You make it  
hard on yourself

Clever girl  
You've got it  
all but you're  
all messed up  
Time now turn around  
Move onto  
something else

You know it's all in  
your head  
You'd better put that  
business to bed  
What you see  
nobody sees  
It only brings you  
to your knees

## **[Chorus - twice]** **(Instrumental** **crazy interlude)**

You know it's all  
in your head  
You better put that  
business to bed  
By your fair hands of  
design you met with  
The monster in your mind

## **[Chorus - fade out]**
