VERSE 1

Though I live on the edge
time is on my side
all the doors to my life
are open wide
just as long as the wheels
keep on turning 'round
I will live for the groove
'til the sun goes down

CHORUS

living it up, living it up
I can feel it
living it up
is it a crazy notion?
living it up, living it up
I can feel it
living it up
I got forward motion

BRIDGE

I don't wanna go to war,
I don't wanna go to war
I said I know what I want and
I don't wanna go war
do you follow me?
I saw a soldier standing in a bar
looked so tired he'd come so far
he said "I need to love someone,
before they drop the atom bomb"

VERSE 2

there's a girl at the back
making eyes at me
and her hair long and black
is a sight to see
but I get kind of scared
when love's around
I just live for the groove
'til the sun goes down

INTERLUDE AND END

CHORUS 2

living it up, living it up
I can feel it
living it up
is it a false emotion?
living it up, living it up
I can feel it
living it up
I got forward motion

BRIDGE 2

so I'm a-taking you out
but I'm a-faking
I'm married to the beat
but to the music I gave the heart
I could have given you
still there's something 'bout
the way that you move
and the way that people stare
it's the shock of the new
I want my friends to see me
standing next to you

INTERLUDE CHORUS & END CHORUS

the sun goes down
living it up
living it up

BRIDGE 3

ooh - watch her dance
there must be one like her in
every club in every town
but I don't mind if that
the way she wants to be
there's something 'bout her
that reminds me of me
she's my soulmate
we'll be together
'til the sun goes down
